Get Started

- Agora teremos que pulsar no botón **Create Starter Account**, para que se faga a nosa conta en AWS Educate.

I'd like to use an AWS Account

Choose an AWS Educate Starter Account to get started on your spend on AWS services. An AWS Educate Starter Account is provided by a third party (Vocareum, Inc.) and the Starter Account is subject to a separate set of AWS. Starter Accounts are subject to a separate set of terms and conditions.

The AWS Educate Starter Account provides a credit of \$100 (US) per year in their AWS Educate Starter Account. You will receive up to \$50 (US) of AWS credit per year.

You don't need a credit card to use a Starter Account. The credit is already available in the account. When your credit is used up, the account is closed and any remaining credit is lost.
