

1 Acceso a AWS Educate como profesorado rexistrado

- Dirección por defecto para o acceso a AWS Educate: <https://www.awseducate.com/signin/SiteLogin>

- **Se vostede vai a acceder por primeira vez, dende que recibiu a confirmación da aceptación por correo terá que facer o seguinte:**
- Primeiro ten que **por un contrasinal**, para elo terá que pulsar no enlace (**Click here to set your password...**) que recibiu no correo de aceptación (**AWS Educate Application Approved**).
- Amósase a continuación un **exemplo de texto recibido por correo**, có enlace para por o contrasinal:

Congratulations!

Your AWS Educate application has been approved. As a member of the AWS Educate program, you will receive the benefits listed below:

AWS Educate Educator Collaboration Portal (ECP)

The ECP is the hub for AWS Educate educators around the world to share best practices, learn about the program, and interact. [Click here](#) to access the ECP for the first time. Your username is your email address. Your password is the same as your AWS Account at the top of the page to access AWS services, whether you have a Free or a selected Starter Account on your application. Note that Starter Accounts are subject to the AWS Free Tier.

[Click here](#) to access the ECP directly in the future after updating your password.

Free AWS Cloud Practitioner Essentials and 50% discount on Instructor-Led Training

To access our foundational AWS Cloud Practitioner Essentials online learning path, click [here](#).

- Accederemos coa conta do IES San Clemente e o contrasinal que puxemos no paso anterior.
- Unha vez dentro poderemos ver **información xeral sobre formación, novas**, etc..

Hi, welcome back to Educate.

The University of Bahrain is all in on AWS! This is a major step by [@uobedubh](#) to retire its legacy IT and migrate to the [@awscloud](#) to achieve cost savings

- Para acceder ós recursos da conta **AWS Educate**, teremos que pulsar no enlace **AWS Account**.
- É importante seleccionar a opción **I would like to use an AWS Educate Starter Account** (ver imaxe inferior).
- Deste xeito recibiremos como educadores un **crédito de 150\$** como membros dunha institución pertencente ó programa AWS Educate.
- Pulsaremos no botón **Get Started** unha vez seleccionado "AWS Educate Starter Account".

How to access AWS

Choose an option to get started

☐ I would like to use a personal AWS account

☒ I would like to use an AWS Educate Starter Account

Get Started

- Agora teremos que pulsar no botón **Create Starter Account**, para que se faga a nosa conta en AWS Educate.

I'd like to use an AWS Account

Choose an AWS Educate Starter Account to get started on your spend on AWS services. An AWS Educate Starter Account is provided by a third party (Vocareum, Inc.) and the Starter Account is subject to a separate set of AWS. Starter Accounts are subject to a separate set of terms and conditions.

The AWS Educate Starter Account provides a limited amount of AWS credit per year in their AWS Educate Starter Account. The credit will receive up to \$50 (US) of AWS credit per year.

You don't need a credit card to use a Starter Account. The credit is already available in the account. When your credit is used up, the account is closed and any remaining credit is lost.

[Create Starter Account](#)

[or choose another option](#)

- Agardaremos uns intres mentras se aprovisiona a conta, e pulsaremos no enlace "**Click here to refresh!**".

- Soamente nos faltará pulsar no botón **AWS Educate Starter Account** que nos conectará cunha páxina onde teremos que aceptar os termos e condicións ó final da páxina **I Agree**.
- E unha vez aceptados xa accedemos o **panel de control** ónde podemos ver os créditos restantes y un botón para acceder ós servizos de Amazon a través de **AWS Console**.
- **Tede en conta que no programa AWS Educate Starter Account a zona por defecto é Norte de Virginia en USA, e non pode ser modificada.**

Welcome to your AWS Educate Account

AWS Educate provides you with access to a wide variety of AWS Services for you to get your hands on and build on AWS! To get started, click on the AWS Console button to log in to your AWS console.

Please read the FAQ below to help you get started on your Starter Account.

- [What are the list of services supported?](#)
- [What regions are supported with Starter Accounts or Classroom Accounts?](#)
- [I can't start any resources. What happened?](#)
- [Can I create users within my Starter or Classroom Account for others to access?](#)
- [Can I create my own IAM policy within Starter Account or Classroom?](#)
- [Can I use marketplace software with my Starter Account or Classrooms?](#)
